Weeks 11–12: Group Activity Worksheet

Final Work Consultation

Tutorial Objective: Turn your Weeks 9–10 issues, solutions and AI agent workflows into a finished **Assignment 2** package. Use two one-to-one consultations with the teacher to get targeted feedback, fix weaknesses and rehearse your presentation.

Assessment: Individual Assignment 2 — *Strategic Enhancement and Workflow Presentation* (40%) · ZIP via Blackboard · **Due Week 13** · presentations as scheduled on Blackboard

Two-Week Plan

Week	Activity
11	Briefing: consultation rules and Assignment 2 checklist
	Part A – Prepare (self-audit + 3 questions)
	Part B – Consultation 1 with the teacher
	Part C – Work on action items; peer support table
12	Update draft; complete the progress tracker
	Part D – Consultation 2 with the teacher
	Part E – Presentation planning and rehearsal with peers
	Part F – Final submission checklist and upload of records

While waiting for your slot, keep working. The teacher will call students in the order of the booking sheet.

Student Information

Field	Details
English Full Name	
Student ID	
Tutorial Class	
Target Design	
Rehearsal Partner(s)	

Consultation Booking

	Week 11	Week 12
Slot time		
Queue number		

Assignment 2 Deliverables (Reference)

Deliverable	Requirement
Presentation slides	5–7 minute presentation of the enhanced design system
PDF workflow document	Issues, solutions, technology and AI agent workflows presented as a repeatable system (inputs, processes, outputs, feedback)
Written summary	300–500 words
Submission	One ZIP file via Blackboard

What Assignment 2 Must Show

☐ Meaningful improvements based on the **Assignment 1** analysis
☐ Where generative AI supports ideation, variation, refinement or production
☐ A **repeatable** workflow with inputs, processes, outputs and feedback
☐ Visual proof: before / after, mock-ups or prototypes of the enhancement

Part A: Prepare for Consultation 1 (Week 11)

A.1 Self-Audit — Where Am I Now?

Component	Status *(Not started / Draft / Nearly done / Done)*	Biggest Concern
Three issues with evidence		
Solutions (3–5 per issue) and technology		
Selected solutions with justification		
Three AI agent workflows		
Master workflow diagram		
Visual outcome (before / after, mock-ups)		
Presentation slides		
300–500 word summary		

A.2 Bring to the Consultation

☐ Laptop with **all files open** and ready to show (no searching during your slot!)
☐ Assignment 1 feedback (if returned)
☐ Weeks 9–10 worksheet
☐ Current draft of the slides or the workflow document
☐ This worksheet

A.3 My Three Questions for the Teacher

Good questions are specific. ❌ "Is it OK?" ✅ "Is Issue 2 strong enough, or should I replace it with the accessibility issue?"

#	Question	Related Part of My Work
1		
2		
3		

Part B: Consultation 1 Record (Week 11)

*Write notes **during** the consultation. Read the action items back to the teacher at the end to confirm.*

Topic	Teacher's Feedback
Strength of issues and evidence	
Quality of solutions and technology choices	
Clarity of AI agent workflows	
Visual outcome and presentation	
Answers to my 3 questions	

Overall direction: ☐ On track — continue ☐ Minor revisions ☐ Major revisions needed

Teacher's initials: _____

B.1 Action Items from Consultation 1

#	Action Item	Priority *(High / Med / Low)*	Time Needed	Deadline	Done
1					☐
2					☐
3					☐
4					☐
5					☐
6					☐

Do the High-priority items first. If an item needs more than 3 hours, break it into smaller steps.

Part C: Peer Support (Week 11)

While waiting, sit in a group of 3. Each person shows their work; the others give one "keep" and one "change".

Peer Name	Keep (what works)	Change (one suggestion)

Will I use their suggestions? Which and why?

Part D: Consultation 2 (Week 12)

D.1 Progress Since Consultation 1

Action Item # (from B.1)	What I Did	Result / Evidence to Show
1		
2		
3		
4		
5		
6		

D.2 My Two Questions for Consultation 2

#	Question
1	
2	

D.3 Consultation 2 Record

Topic	Teacher's Feedback
Improvements since Week 11	
Remaining weaknesses	
Presentation structure and timing	
Submission package	
Answers to my 2 questions	

Final Action Items (before submission)

#	Action Item	Deadline	Done
1			☐
2			☐
3			☐
4			☐

Teacher's initials: _____

Part E: Presentation Planning (Week 12)

E.1 Slide-by-Slide Plan (5–7 minutes)

Slide	Content	Key Visual	Time
1	Title: target design, name, student ID	Hero image of the target	0:15
2	Recap of Assignment 1: how the system works	System chart / grid overlay	0:45
3	Issue 1: problem + evidence → solution	Annotated before / after	1:00
4	Issue 2: problem + evidence → solution	Annotated before / after	1:00
5	Issue 3: problem + evidence → solution	Annotated before / after	1:00
6	AI agent workflow system	Master workflow diagram	1:15
7	Test results and what AI can / cannot do	Test-run screenshots	0:45
8	Conclusion: impact of the enhanced system	Final mock-up	0:30
		Total	**6:30**

Adapt this plan to your project, but stay within 5–7 minutes. Every slide needs a strong visual; avoid slides that are only text.

E.2 My Presentation Plan

Slide	My Content	My Key Visual	Time
1			
2			
3			
4			
5			
6			
7			
8			
		Total	

My opening sentence *(grab attention in the first 10 seconds)*:

E.3 Rehearsal with Peers

Present to your rehearsal partner(s) **with a timer**. They fill in this table.

Criterion	**Rating *(1–5)***	**Comment**
Clear story from problem → solution → workflow	/5	
Evidence and visuals are convincing	/5	
AI workflow is easy to understand	/5	
Speaking: pace, volume, eye contact	/5	
Time management	/5	Actual time: ____ min

Reviewer name: _____

One thing to fix before the final presentation:

E.4 Possible Questions from the Audience

Prepare short answers to questions you might be asked.

Likely Question	My Answer (key points)
Why did you choose these three issues?	
How do you know the solution actually works?	
What would happen if the AI agent made a mistake?	
How much would this cost or how long would it take?	
(Your own)	

Part F: Final Submission Checklist

ZIP Contents

☐ **Slides** (PDF export + original file), 5–7 minute presentation
☐ **PDF workflow document**: issues, evidence, solutions, technology, three AI agent workflows, master diagram, test results
☐ **Written summary** of 300–500 words (word count stated)
☐ All images credited; AI tools and prompts declared
☐ Files open correctly on another computer (fonts embedded in the PDFs, videos play)

Item	Requirement
ZIP File Name	`[EnglishFullName]_[StudentNumber].zip`
Inside the ZIP	`[Name]_[ID]_slides.pdf` · `[Name]_[ID]_workflow.pdf` · `[Name]_[ID]_summary.pdf`
Location	Blackboard → SSHD2382 → Assessments → Individual Assignment 2
Deadline	**Week 13** (see Blackboard for exact date and time)

Consultation Records Upload

Item	Requirement
Content	This completed worksheet (Parts A–F)
File Name	`W11-12_[EnglishFullName]_[StudentNumber].pdf`
Location	Blackboard → SSHD2382 → Weeks 11–12 → Consultation Record
Deadline	End of the Week 12 tutorial

Final Reflection

Looking back from Week 1 to now, how has your way of seeing and analysing design changed?
